Esplanade Forest Park is a very large urban park in Long Beach, California. The park covers many square miles along the Pacific Ocean. It was first created to serve as a working park, that was established in 1887. It has gone through many changes over the past few years. The Esplanade is one of the most well known places in Long Beach. It is known to be a major tourist attraction and

---

hang out spot. Many historic buildings and parks are located in the Esplanade Park. There are many new buildings and eateries that have been
