I feel like using vcam from last month by mistake.I have to send my all problems to this sites.whenever i need any help Vcam application comes and helps me.You can try this application as you know, Ravi V Great Shareware Thanks to developer(or) developers, you are well aware of how to share media through internet and video. Well, VCam is an application which comes with a similar aim and provides a solution. The application was once sold in shareware. Once downloaded, the only restriction you have on this application is that you can not save captured contents. No serial numbers, no system requirements, no any other codes except the licence. I was able to test and have a try. Its working perfectly. Thanks to developer(or) developers, you are well aware of how to share media through internet and video.
