

ManyCam is a free program that allows users to use their webcam simultaneously with multiple chat applications such as Skype, Omegle, Chatroulette, ... This is one of the easiest and most user-friendly webcam applications you'll ever see. It is easy to use and you can easily customize it for your purposes. It is a very simple software with which users can record video and sound from their webcam and use multiple applications at the same time. With this software, you can record webcam video, add video effects to your video and share it with others.
