When a little girl named Boo wanders into their world, the monsters are scared out of their wits, and Sully and Mike must keep her out of sight. And so you go after her, but she disappears. You find her, but she says she can leave... and doesn't say why, and you'll never know what happened. You spend the next 20 years trying to figure out what you've lost, what you've found, and what the hell you've done. And then when you find out who you are, you must go after your daughter. This is exactly what is happening with John Meal. He has just started studying psychiatry and must find his daughter, Anna, whom he has not seen for two decades.
