

You can request two types of free Mastering access codes: Teacher and Student. The size of the first package of codes (POD) is 1.5 GB. The validity period of the code is up to 6-7 months. Why can students access any code pack and what are the benefits of using it? The key difference from paid packages is that there is no code fee and the use of this package is limited only once during the tutorial. For everyone who wants to become a certified teacher: - free hosting in MASTERWEB; - 1 month free access to the Autodesk E-learning course - cloud storage of all coursework / individual work / course profile; - free access to course handouts at any MASERWEBS events. And finally, the most important for whom we offer: - find out what benefits cooperation with MASETRI.RU represents for you; - learn more about the MASETRI Academy, register in FORUMHOUSE; - get discounts on coursework / indit. work/profiles from students. Your benefits from cooperation with Makcademy: 1. You get access to 1 pack of free code pages for any course in the amount of 1 GB, which will allow you to personally prepare as many students as possible for classes with maximum efficiency. 2. The cost of one course is only 10 euros, and you can pay for all 4 courses at once in one payment. 3. When making a payment, you can see which course out of 4 your group will receive, which papers will be checked as control, which teachers will receive diplomas. 4. You will have access to all course materials already stored in MakCademy. 5. Paying for the course within 10 days after confirming the order will save you from having to view the course files on your computer so as not to waste too much time. The benefits of registering at Maksecademy are as follows: â€¢ You can register and receive advice on course management, new products from MASerwec and other training providers; â€¢ An email will be sent to your e-mail containing information about new Makse Academy events. Consider this letter as an invitation to meetings with leading experts in the field of robotics, programming and design; â€¢ This is the first independent knowledge platform
