KEYMACRO is a small cross-platform key-logger for Windows. This is a small utility, with a clean and user-friendly interface. It is designed to work with any program that uses the Windows API for keyboard input. This means that it can record keystrokes in any program that uses the keyboard, including browsers. This tool is very easy to use, does not consume resources on your system, and is free! KeyMACRO offers a wide range of features to help you make full use of the Windows API: * Keystroke capture * Customizable keylog timing * Multiple keyloggers * Automatic file saving * Multiple input methods * Multi-monitor support * Tab support * Autoscroll * Screen buffer management * Listing filters * A two-way association with a text editor * WinPE integration * Detailed information on recorded keys * Send to clipboard * Full (T)Text file support * Customizable reports * Auto key remapping * Dialog box intercepting * Mouse emulation * Set hot keys * Hotkey rebinding * Optional

support for multiple language hotkeys * Support for all modern Windows versions * Automatic updating * Export to CSV files
* Ability to pause and continue recording * Manual search of recorded keystrokes * Support for recording custom keystrokes

KeyMACRO is available for Windows 10, 8.1, 8, 7, Vista, and XP. KeyMACRO works with all Microsoft Windows versions from Windows 98SE and up. It has been tested and works on Windows 10, 8.1, 8, 7, Vista, XP. KeyMACRO is written in pure C/C++ with NO.NET. KeyMACRO works with all versions of Windows since 2000. If the Windows version is older than 2000,

KeyMACRO will run with support for the Win32 API, but without support for newer Windows features. KeyMACRO will work with the Windows 10 Anniversary Update, so it should work with all the latest Windows editions, but it is recommended to use the latest Windows 10 version. KeyMACRO works with all Windows versions since Windows XP. KeyMACRO works with all modern Windows versions: Windows 10, 8.1, 8, 7, Vista, and XP. KeyMACRO works with any Windows OS version from Windows 98SE and up. For Windows versions 98SE and earlier 80eaf3aba8
