
Dark Souls 3 Armor Mods

UPDATED

New weapons, armor, items, boss fights, trainer fights and mechanics. Capture creatures from the DS3 world and use them to defeat your enemies. In this game, you can upgrade your weapons and equipment and craft new items. In this game, you can create your hero, choose his color and shape, and customize his character. Complete missions and level up your character to gain access to even better upgrades and items. The game has many types of enemies and bosses that you can face. There are many types of creatures in the game, including zombies, skeletons, spiders, rats and other evil spirits.
