

Lock My PC Activation Key Download [Win/Mac] [Updated] 2022

Lock My PC Activation Code is a useful tool for locking your system in seconds. The application places an icon in the Windows System Tray that enables you to lock the PC with a single click or instantly enter the configuration screen. Moreover, you can check all attempts to unlock the system and set up various options for the lock screen. The application also prevents you from inserting or ejecting a CD-Rom drive and thus prevents unauthorized access to files. Lock My PC Product Key Features: 1. Security? Lock My PC provides a configuration screen in order to set up the password used to lock your computer. This password is then used for unlocking the workstation and can also be used to access the lock screen. Moreover, the application prevents you from inserting or ejecting a CD-Rom drive. 2. Easy to use The Lock My PC application is perfect to be used in any situation, at home or at work, because you simply need to choose a password and set up the lock screen in order to protect your PC. Moreover, the application can be started quickly and runs without a hitch. 3. Security? Lock My PC utilizes the Windows Vista Ready standart technology that you'd expect to find in any application. In order to utilize the functionality of the software, you need to have the Vista Ready Standart Refresh installed. 4. System requirements? Lock My PC works on Windows Vista and is suitable for users with a minimum system requirement of Windows XP or Windows Vista. Languages: English, Arabic, French, German, Spanish, Russian, Brazilian Portuguese. Size: 2.4 MB.
