Norman Copley: 205-721-8383 or ncopley@heraldnet.com.Q: Basic Authentication in .Net MVC using WCF and Windows Authentication I'm trying to get basic authentication working for a WCF service hosted by IIS 6 using Windows Authentication. If it's possible to disable windows authentication and use basic authentication I would prefer this, but I can't seem to find anything that does this. It appears to be something that is only possible with IIS 7+ and the use of BasicHttpBinding. Things I have tried Web.config - Removing all bindings and using BasicHttpBinding This is my configuration at the moment

Q: Is there a German name for "age-old"? Is there a German name for the metaphorical expression "age-old"? (It means the same as the English phrase "aged and wise" and has a very similar meaning.) I'm familiar with at least two common German words for 'old': alt und klug, but both are usually used in contexts where the speaker is talking about someone specifically, e.g.: Die 60-Jährige ist alt, aber sie klug. and similarly, Menschen älter als 80 Jahre bieten alles an, was Sie beim 570a42141b
